

2 Tier Nesting Garden Cart

Our 2-tier nesting garden cart is engineered for the nursery industry. The rugged poly construction ensures durability and weather resistance, while the powder-coated frame provides additional protection. With the choice of 4 5-inch poly wheels or 8" / 6" semi-pneumatic wheels, this cart can handle any terrain.

Key Features

- **Rugged Poly Construction:** Built to withstand the harshest conditions.
- **Powder-Coated Frame:** Provides superior weather resistance.
- **Adaptable Wheel Options:** Choose the wheels that best suit your needs.
- **Nesting Design:** Saves space when not in use.
