

CoverCatch

Includes

- Black powder-coated, rust-free aluminum construction
- Arms that can be installed low on the spa for an unobstructed view or higher for added privacy
- Arms fold flat against the spa when not in use
- Soft, slip-free foam grips keep the cover safe and secure

- | |
|---|
| <input type="checkbox"/> Requires 10 inches clearance behind spa |
| <input type="checkbox"/> Works on smaller spas, regardless of shape - arms are 7 1/2" wide at their widest point |
| <input type="checkbox"/> 5-minute installation |
| <input type="checkbox"/> Mounts at a minimum of 12 inches from bottom of spa |
| <input type="checkbox"/> Brackets must be mounted 24" - 34" apart |
| <input type="checkbox"/> Not recommended for spa covers over 100 pounds |
