

CoverMate III ECO

Includes

- Black powder-coated, rust-free aluminum tubing
- Full-length middle aluminum crossbar
- Easy-to-install, non-corrosive mounting brackets
- Ideal when clearance behind spa is limited (6 inches) or as privacy screen
- Works well with smaller spas
- Optional extended bracket available for spas with a larger corner radius (over 12")

○ Requires 6 inches clearance behind spa
○ Requires 4 to 5 inches clearance on each side of the spa
○ Fits virtually any spa from 6 feet to 8 feet in length and width
○ ** If the lip of the spa hangs over more than ½", you can't use the CMIII ECO**

CMIII vs. CMIII ECO

- "Scaled down version of CMIII"
- Made with same high quality aluminum as CMIII
- Utilizes aluminum brackets instead of plastic
- Utilizes a 3-piece coupler bar instead of a 1-piece coupler bar that the CMIII uses
- Support arms are shorter
- Does not include TowelMate, foam grips or small black dome caps that go over the screws
- Shock has locking mechanism (rather than lock bar)

Dimensions

- ✓ Aluminum Bracket: 20" L x 2 ¾" W x 1 ¾" H
- ✓ Extended Bracket: 21" L x 2 ¾" W x 2" H (aluminum)
