

PINK N' CREAMY

Lotionized Hand Cleaner

DESCRIPTION

A semi-viscous, all synthetic hand cleaner designed for everyday hand washing. Lotionized and produces abundant lather.

PRODUCT FEATURES / BENEFITS

- Manufactured with synthetic detergents / Rinses freely
- Lotionized formulation / Conditions and protects the skin
- Semi-viscous / Prevents dispenser leaks
- Incorporates super amides / Generates rich thick lather
- Pleasantly colored and perfumed / Offers acceptance by all personnel

DIRECTIONS FOR USE

A lotionized synthetic type hand cleaner to use for everyday hand washing. This product produces abundant lather and has a creamy texture to assure thorough yet mild cleaning. Use undiluted in all tank type dispensers and with other dispensers that require a semi-viscous hand cleaner. This product, for maximum convenience, is used as supplied.

For best results, fill clean dispensers with the soap and periodically clean the dispensers for best appearance and flow characteristics.

Wet hands, then apply a small quantity of the hand soap. Work into a rich lather and thoroughly rinse away. Completely dry hands with a clean towel, or hot air dryer. Leaving hands wet or damp, particularly during winter months, may lead to chapping.

SPECIFICATIONS

Appearance Semi-Viscous Liquid
Color Pink
Odor Fruity
pH 7.4 ± 0.3
Viscosity (cps) 550 ± 250
