

Instructions for: Sock Aid L3009 and L3010

- 1. Gather sock and pull over end of trough which does not have straps.**
(L3009 - attach garter strap to the stocking tops)

- 2. Place sock aid on floor. Grasp handles in upward position. Straps should be stretched.**

- 3. Slip foot into sock aid trough. Pull hand and cord upward until foot is completely inside trough.**

- 4. Pull upward on handles until sock is completely on leg and trough slides upward and off. (L3009 remove garter straps from sock)**
