PE-129BL • Biedermeier Bleach Chest

w. 38", d. 19.25", ht. 39.25"

A 3 draw German Biedermeier Chest, shown in our hand rubbed Bleach finish. German Biedermeier originated early 1800's and is based primarily on French Empire forms with perhaps a lesser nobility yet very modern. This Port Eliot original offers a lovely Bleach pattern on the center of the top drawer with tulip wood inlay, the beading with subtle gold highlights, and rests on tapered legs. Features solid brass handles. Exceptional in any setting with great storage.
