PE-129M • Biedermeier Mahogany Chest

w. 38", d. 19.25", ht. 39.25"

A 3 draw German Biedermeier Mahogany Chest, shown in our European Mahogany finish. German Biedermeier originated early 1800's and is based primarily on French Empire forms with perhaps a lesser nobility yet very modern. This Port Eliot original features a beautiful mahogany sunburst on center of top draw, beading above and below draws and on sides of chest, resting on tapered legs. Exceptional in any setting with great storage.
