

Port Eliot

PE-129P • Biedermeier Chest, Antique Black

w. 30", d. 18", ht. 28"

A 3 draw German Biedermeier Chest, shown in our sleek paint Black finish. German Biedermeier originated early 1800's and is based primarily on French Empire forms with perhaps a lesser nobility yet very modern. This Port Eliot original offers a lovely pattern on the center of the top drawer with inlay, the bead molding with beautiful gold gild, and rests on tapered legs. Features solid brass handles. Exceptional in any setting with great storage.
