PE-575M • Biedermeier Extension Table, Mahogany

Diameter 48", (2) 18" leaves, extends 84", ht. 30"

This Biedermeier Extension Table shown in our European Mahogany Finish. With comfortable proportions, this table characterizes the clean and classic design of the Biedermeier art form. The top is harmoniously balanced with subtle sunburst top matching at each length. The legs are tapering and bent typifying Biedermeier execution. A most smooth and uninterrupted design. The clarity of timber and beauty of finish is a complement to our artisans.
