PE-600SA • Cocktail Table, Sasa

l. 52", d. 32", ht. 17.5"

A modernist Sasa top cocktail table that is a natural beauty which exudes airiness with its seemingly floating top. The cocktail table rests on wood columns. It's a generous and durable piece. The finely crushed bamboo top is hand applied and offers a new look to crushed bamboo. This is a most versatile and delightful cocktail table.
