

Hail Mary

Alkali Based Solvent

Spotter #3

Scan for more product info.

Why Use?

Hail Mary is a new generation biodegradable alkali based solvent spot remover. Hail Mary is specifically designed for the removal of food and drink-based stains to include coffee, wine, ink, gum, protein and some petroleum oil-based stains, etc. Hail Mary is a synergized combination alkali, surfactants, and alcohol-based solvents which combine to penetrate, remove, and suspend all types of spots and stains in carpet or other surfaces. The unique combination of emulsifiable solvents in Hail Mary, makes it soluble in water, low in residue and consequently easier to use.

Directions:

- 1** Adjust the nozzle to a mist and spray sparingly over the problem area. Do not oversaturate the carpet.
- 2** Agitate the problem area with a hand brush or CRB machine. Blot dry with a micro-fiber towel. Gum: Spray directly onto the gum and allow to react for 1-2 minutes; then scrape a gum tool until all residue is removed.
- 3** Rinse with water and extract (preferred) or blot with microfiber towel.
- 4** Apply NXT Spotter 1 to the problem area and agitate with a brush or CRB to remove any remaining residue and neutralize pH.
- 5** If the stain does not release, move to Spotter #4.

*Gloves are recommended while handling this product.

Technical Information:

Method	Pre-Spray
Appearance/Color	Amber
Dilution (oz./Gal.)	RTU
Pre-Spray Dilution (oz./Gal)	RTU
Rinse Required	Yes
Foam Characteristics	Very Low
Freeze/Thaw Stability	Stable
pH (Max)	11.5
Shelf Life	12 Months
Odor Fragrance	Mild

Safe to Use On:

- Carpet
- Walk Off Systems
- Upholstery

Purpose:

- Removes Coffee, Wine, Oil, Gum, Ink, Copy Toner & More.

Additional Info:

- This is spotter #3 in our spotter system.
- Biodegradable, Fast Acting & Rapid Penetration.
