

Spotter System

It's as simple as 1, 2, 3, 4!

Why Use?

The SCI Carpet and Upholstery spotter and destaining system is designed for simplicity and ease of use. To ensure a stain is properly removed, start with Spotter #1 (NXT™) and continue in numerical sequence until the stain is fully removed. It's as simple as 1, 2, 3, 4!

About Each Spotter:

Spotter 1: NXT™

General Spotter, Low Moisture Cleaning, Encapsulation, Upholstery & Carpet Extraction & Wool Friendly.

Spotter 2: OxiPro™

Removes Coffee, Pet Stains, Urine, Soda, Red Wine, Blood, General Soiling, Food Stains, Soda, Fruit Juice & Red Dye.

Spotter 3: Hail Mary

Removes Coffee, Wine, Oil, Gum, Ink, Ink Toner & More.

Spotter 4: ProSolve

Removes Gum, Adhesive Residue, Crayon, Grease, Tar, Ink, Lipstick, Make-Up, Oil, Scuff Marks, Shoe Polish, Tape Residue, Tree Sap, Wax & Wet Oil Based Paints.

Directions:

- 1** Apply SCI spotter to the effected area per instructions on the spotter label.
- 2** Agitate the stain using a soft bristle brush or CRB machine.
- 3** Blot with a microfiber cloth, rinse with water, blot with a microfiber cloth again. For larger stains, hot water extract.
- 4** Apply NXT Spotter #1 to the clean area to prevent wicking and to neutralize pH.
- 5** If the stain remains, move in sequence to the next spotter.

Safe to Use On:

- Carpet
- Walk Off Systems
- Upholstery
