BENEFITS:

- Ultra-Hydrating Body Moisturizer - Absorbs into the skin to reinforce the moisture barrier, delivering lasting hydration and comfort to dry skin.
- Violet Flower – Packed with natural soothing powers to help calm irritation while working to prevent breakouts and balance oil production.
- Cupuaçu Butters – Help to lock in moisture and restore skin's elasticity.
- Niacinamide™ – Contains high levels of B3 to improve skin elasticity, fight breakouts, even out skin tone and enhance the skin's natural barrier to lock in moisture.
- Snow Mushroom – Hydrates the skin by helping to retain moisture, improve skins elasticity, and create a plump, dewy complexion.
- Collagen Banking Complex – Infusion of collagen that works to help slow down the natural aging process while replenishing and preserving collagen levels.
- Color Intelligence Technology™ helps support your skin's natural tanning cycle by enhancing the look of melanin activation beyond the standard tanning time. As your smart tan memory, Color Intelligence empowers your skin to keep deepening, developing, and enhancing color for a richer, longer-lasting glow.
- Tattoo & Color Fade Protectors – Protects the color and luster of your tattoos and tanning results.

KEY SELLING STATEMENT:

An elevated art of touch and tone, Velvet and Santal™ melts into the skin with the subtle warmth of sunlit wood and soft air. This creamy, conditioning infusion wraps the body in lasting hydration and a polished, cashmere-smooth finish. Cupuaçu Butter and Violet Flower Extract calm and replenish, while Niacinamide and Snow Mushroom illuminate with radiant clarity. A Ceramide Complex reinforces the skin's natural barrier, sealing in moisture for an effortless buttery glow. Guided by DC's Signature Color Intelligence Technology™, skin is left velvet-smooth and luminously composed - an immersive ritual of moisture, texture, and understated luxury.
